

A04**Context**

This task is accessible to all candidates regardless of tier of entry. It would normally follow on from work on setting up and testing hypotheses, and statistical analysis.

5

Read All About It

Suresh is comparing magazines and newspapers.

He chooses a passage from one newspaper and one magazine. They each contain 100 words and he counts the lengths of all the words.

Suresh then says that the magazine has the shortest words.

- Write a hypothesis about the length of words in newspapers and magazines
- Design and carry out an investigation to test your hypothesis

Investigate further.
